

**Greetings, Walk Thru the Bible family!** We wanted to share some updates on how **you** are helping people everywhere find their place in God's Story. Watch this 3-minute video for the highlights!

• Walk Thru serves in 140 countries, driven by the dedicated work of our Regional Directors. This past March, the team gathered in Amsterdam for our Global Summit...

• International and Children's Ministry Director Terry Broberg completed a six-day mission to the Philippines, where 588 teachers were equipped with our new resource: *otStories*...

• Make sure to catch Phil's latest *Step into the Story* podcast. He sat down with Christian music artist Jason Hoard for a great conversation on faith and creativity... and how what looked like a problem was actually God's plan.

• May is **Kids Month!** We're offering budget-friendly bundles of our best-selling Flashcards and Coloring Books. They make the Bible impossible to forget, and are getting lots of attention on social media.

***That's just a glimpse of the work you make possible. Millions have been reached, but millions more are waiting. Come join us: Take a Walk... and change the world.***
